

# SYMMETRY PRODUCT HIGHLIGHT

## Pedestal Call Station for the Vertical Platform Lift (VPL)

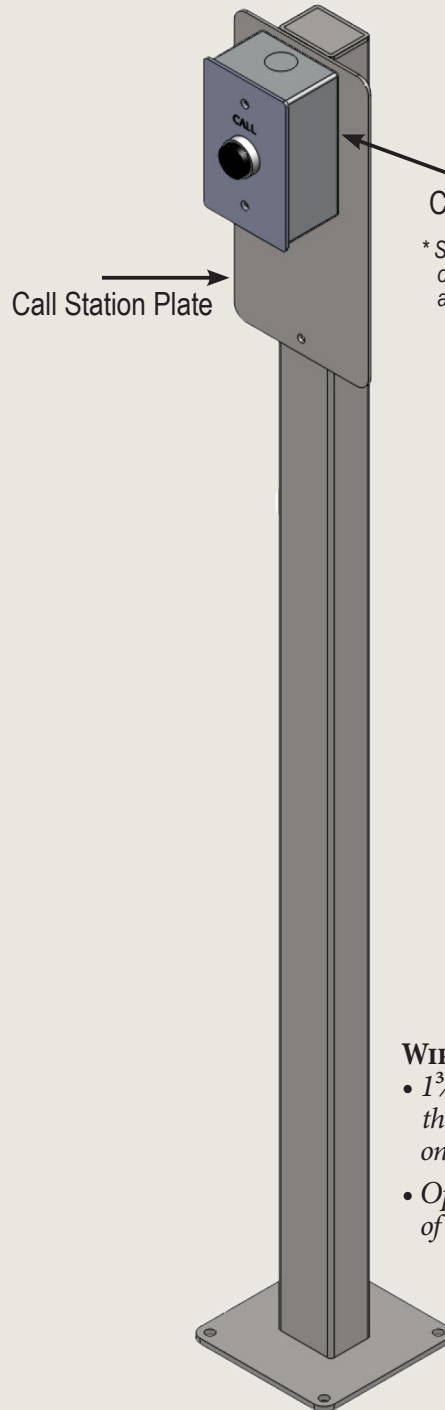

The vertical platform lift pedestal call station provides an alternate installation method for job sites that are unable to accommodate a wall-mounted call station.

The pedestal call station may be mounted on a variety of solid, stable surfaces, such as brick, concrete, and stone.

**The Symmetry VPL pedestal call station provides flexibility for remote applications when wall installation is not an option.**

**PEDESTAL CALL STATION ISOMETRIC VIEW** shown, as sold, without inclusion of call station.

Call Station\*

\* Shown for illustrative purposes only. Custom call stations are available for an additional charge.

Call Station Plate
