

# SYMMETRY PRODUCT HIGHLIGHT

## Wood Fixtures

*Symmetry residential elevator fixtures are available in a wide variety of materials. An array of wood species allows for matching or contrasting the finish of the elevator car and augments the tone of your décor.*

**Harmonizing the texture of the structural media with the functional elements of the fixtures creates a seamless transition within your home. Wood fixtures are available in unfinished, clear coated or stained and clear coated. Buttons and hardware are available in Brass or Stainless Steel. Not available with integrated phone option.**
