

BRINGING PEOPLE TOGETHER
CIBES A4000 & CIBES A5000

Cibes

MODULAR DESIGN

Cibes lift solutions are flexible in terms of sizes and design choices. The space-saving lift construction and our timeless Scandinavian design will adapt to any architectural style.

EASY TO INTEGRATE EASY TO ENJOY

Cibes offers you perfect home lift solutions. Our ready-made lift concept and compact footprint have minimal structural impact on your home. The Cibes EcoSilent system makes your lift quieter and more energy-efficient. The perfect lift for your home and for the planet.

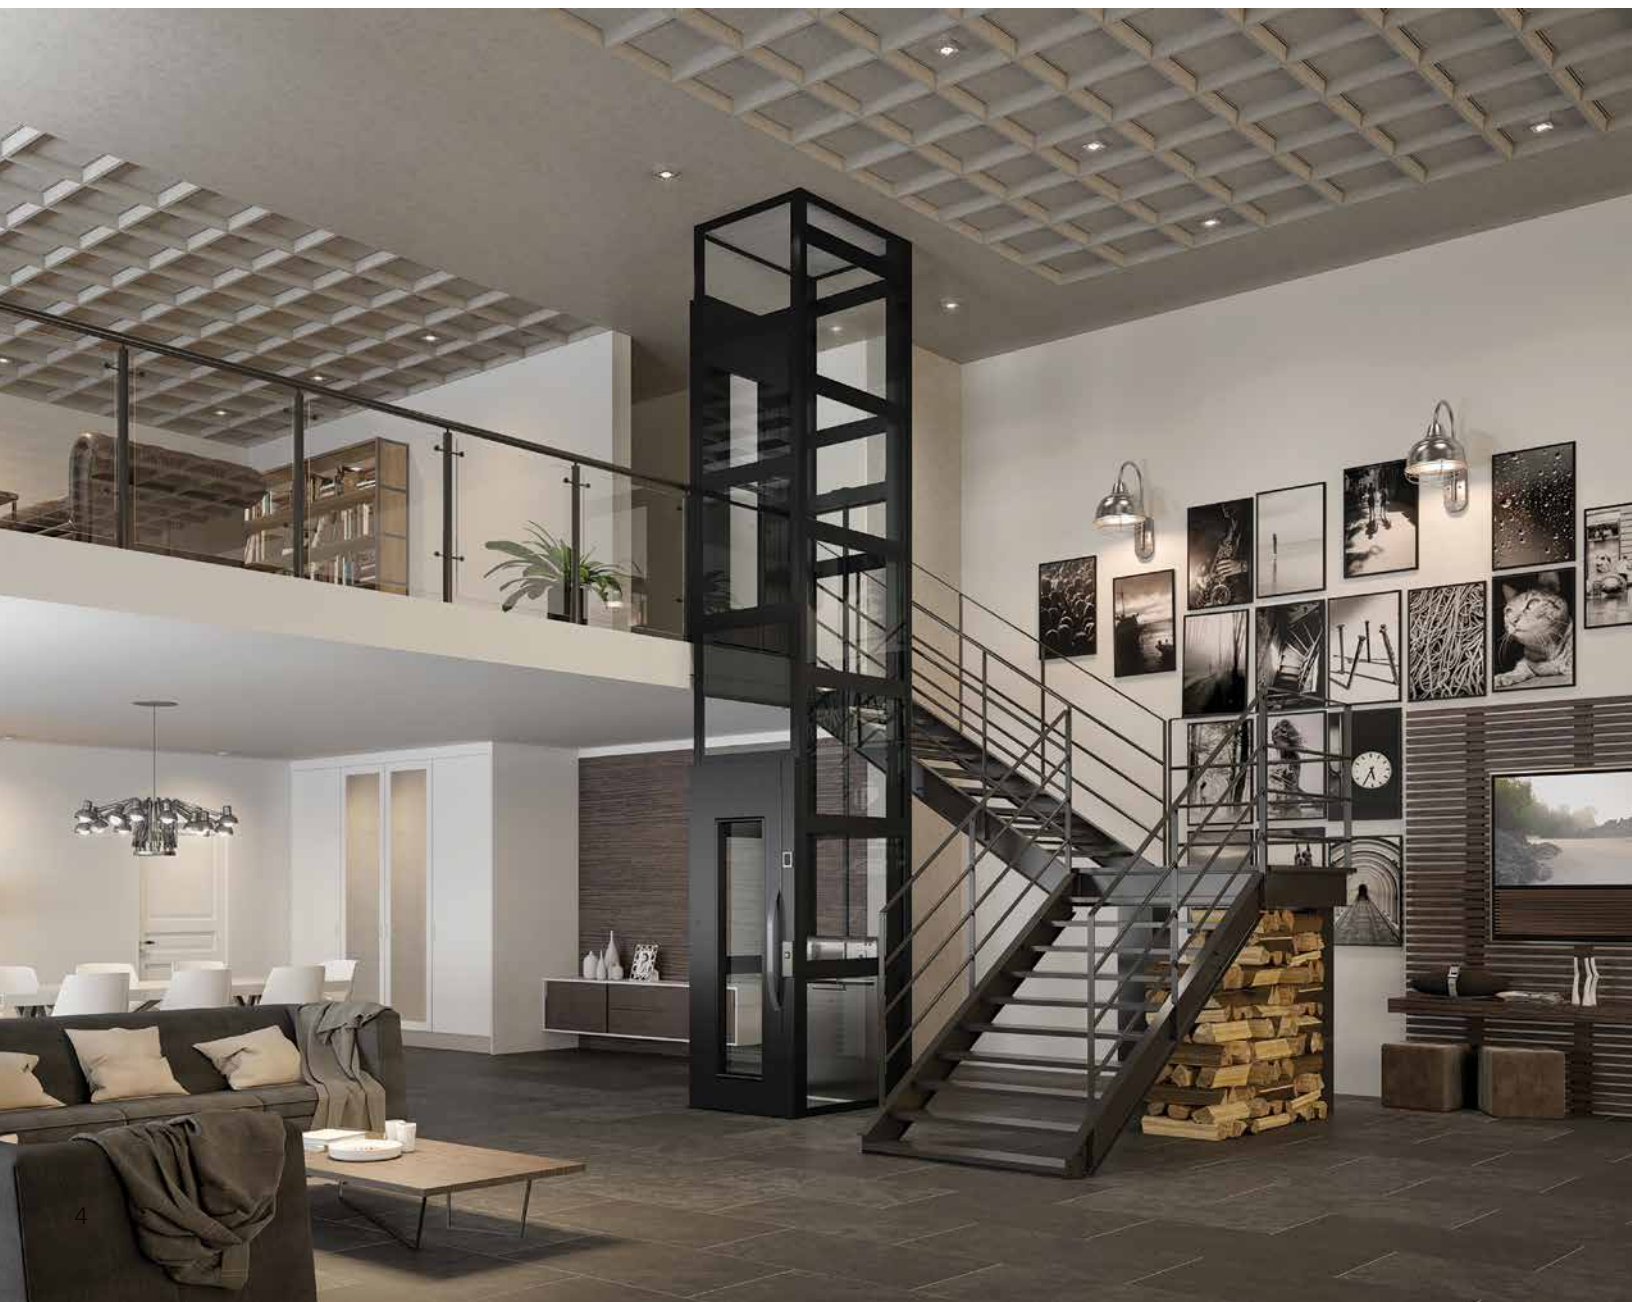

EcoSilent Technology

Silence and green energy are highly valued in today's modern architecture. This is why Cibes Lift has developed the EcoSilent system. We believe that our new drive system will revolutionize the way we perceive screw-driven lifts. The EcoSilent system not only makes the operation of our lifts virtually soundless. It also makes our lifts much more energy-efficient. The EcoSilent system preserves your silence and reduces your power consumption. A perfect solution.

OPEN UP YOUR SPACE

Glass creates an open and airy space. Cibes platform lifts can be glazed on all sides for a 360 degree panoramic view, which is quite unique.

THERE IS NO BAD WEATHER

Our outdoor lifts are designed and equipped to resist tough weather conditions.
Suitable for public, commercial and private settings.

A VERSATILE AND SMART LIFT CONCEPT

Cibes lift solutions are ready-made products, delivered in manageable size packages. This makes installation fast and easy. Lifts from Cibes are cost-efficient and attractive accessibility solutions that suit most environments.

The Perfect Accessibility Solution

- No machinery on top, low headroom.
- Energy-saving LED lit ceiling.
- Shaft panels in steel or laminated safety glass.
- Choice of steel doors or aluminum doors/gates.
- Concealed power door openers available.
- Cibes lift solutions are eco-friendly, 95% of the lift is made from recyclable materials.
- Cibes lift solutions are designed to have a small footprint and maximum space inside.

Access Configurations

FLEXIBLE CONFIGURATION

Cibes Lift offers a great choice of lift sizes, door models, finishes and accessories so that you can adapt the lift configuration to your taste and requirements.

1. Single entry (2 stops) 2. Adjacent (2 stops) 3. Open-through (3 stops)
